

ACMP UK Chapter appoints new President and elections timetable for board roles

FOR IMMEDIATE RELEASE: April 12, 2019

London, United Kingdom. – the Association of Change Management Professionals® United Kingdom Chapter (ACMP UK) has appointed Steve Green, past Vice-President and Microsoft's Director of Business Programmes as their new President at its March 2019 Board meeting. This follows Maria Murray Dozlic, Founding President of the ACMP UK Chapter, moving back to the USA to meet work and family commitments after wrapping up an overseas assignment.

Steve Green, noted the challenges ahead and thanked Maria for her commitment and enthusiasm that has led to the ACMP UK Chapter starting and being accredited to ACMP Global:

“In taking up the President role our Past President, Maria Dozlic, has set a very high standard of energy and commitment for me to follow. Over the coming year I very much look forward to working with my other volunteer directors on the board to grow our membership, provides the services our members want and grow the voice of the UK change management community as we develop as a profession. Our key focuses are to provide access in the UK to webinars, seminars and networking events and develop our community of support for those working towards the Certified Change Management Professional™ (CCMP™) based on the Standard for Change Management®.”

Our outgoing President and Immediate Past-President, Maria, thanked Steve and the Board for their leadership and said:

“The ACMP UK Chapter volunteer board has been instrumental in steering a new organisation and leading the way change works across the UK. Their enthusiasm, vision, and diversity of business leadership and management skills has enabled an entrepreneurial and innovative start up. It's wonderful to see the cohesiveness of the team, us approaching our first year 'live' and that our first Board elections are about to start. The ACMP UK Chapter has arrived!”

The ACMP UK Chapter is a membership organisation and nominations for voluntary Board roles will be opening for in early May. The Board agreed the Board roles for election this year and the election timetable. Elections will then be held for two weeks in early June and the winners announced in mid-June so the new volunteer directors can take up their posts from 1 July 2019. To ensure stability and continuity of the board not all roles go to election this year. People eligible to vote are ACMP Global members affiliated to the ACMP UK Chapter. The roles to be open to nominations on 6 May 2019 are:

- Vice-President
- Treasurer & Director of Sponsorship
- Director of Professional Development
- regional directors to represent our geographical clusters of UK members.

Sponsors, both in kind and financially, are critical to the success of the ACMP UK Chapter and we are most grateful for the ongoing support of **Microsoft** and **Expressworks** and in-kind support from **CMC Partnership**, **WeWork** and **The Open University**.

About the Association of Change Management Professionals United Kingdom (ACMPUK) Chapter

The ACMP UK Chapter serves members and organisations across the UK. As part of a growing, global community of 3,000+ Change Management professionals, we are leading the way change works. Our mission is to create a community for professionals and our networks, for those who are passionate about organisational change, knowledge sharing, leadership and professional development. Our members advance the profession and discipline of Change Management, and serve as an independent, trusted source of professional excellence. In 2018 a [Founding Board of Directors](#) was established.
